“ Keith was one of the most special, loving, kindhearted souls I have ever met. Never a bad word for anyone. Last fall I had to opportunity to get to know Keith on a more personal level with many days spent talking, remembering his wife, his days of service, and his beliefs. Those months will always be cherished memories. I know you're soaring high and had no fear of where the future would bring you! I know you are at peace and with peace in my heart, I say God Bless till we meet again, my friend.
