“ I have been friends with Kenny for around 5 years when his sister Pam in which I was best friends with at the time introduced us. Every since then we would talk off and on and he would always make me feel better every time he talked to me. I remember him teaching my son Jordan to skate for the first time, and still to this day my son still talks about that. If he was around in the area he would stop by the house and play video games with my son and he always called him champ. Kenny would help us out on occasions when he could because he is such a GREAT person and a terrific father to his kids which he always talked about. I just still can't believe he is not here anymore. Me and my son miss him so much!!! God Bless You Kenny..... We Love You!!!!

“ Kenny was and is one that I could always call my friend. It is hard to believe that he is gone. I spoke to him recently when he visited his hometown, he went out of his way to look me up, just like he always did, just to say hello and catch up on each others lives. He was very proud of kids and bragged on them to no end, he obviously loved them dearly and held them close in his heart. My condolences to the family.

“ First time I met Kenny was at our home 3 years ago at a family reunion. He drove all the way from Ocala to be here for our family reunion, along with Joey his brother. I am so glad he drove that distance because I would have never had the opportunity to meet two of Kempton's 2nd cousins we talked and reminisced until the end of the day, then they drove home. Hoping to see them again at the next two reunions but the business that life brings prevented them from coming back down for another family reunion. I am so thankful that we did have that time to know Kenny and will miss him until we see him again with our Father in Heaven and his Son Jesus Christ. This is our confidence and hope. Love Kempton and Marlo

“ Kenny, From the time we had our first born son you became a very important part of both of our lives. The friendship we built was both special and unique. You gave Jerrid so much of what you were, he loved you for every moment that he was able to spend with you no matter how brief the time may have been. Our lives were enriched because we knew & loved you! Your memory will live on forever though your son and in our hearts. Until we meet in Heaven. Make sure you say hello to daddy. Rest in peace my friend. All our love.
