“ The world is going to be a different place without this beautiful person in it. Someone that could make us laugh even when all we wanted to do was cry. Someone who saw the good in people and always found a way to rise above the diversity and differences that a person may have had to encourage hope, strength, and love all around him. Someone that brightened every day and even when he was sad he would try to make others happy. Someone that we should always remember for the positives that he brought to our lives and to the lives of others. Kensell you will forever be in our hearts, we love you and will miss you dearly.
