

Kristy Mae Ketter

September 30, 1984 - August 8, 2021

A beloved daughter, granddaughter, mother, sister, niece and aunt, Kristy Mae Ketter left this world unexpectedly at 36 years of age, on August 8, 2021. She was born in Syracuse, New York on September 30, 1984 to Kimberly Noel Creller-Watson and George Scott Ketter. She grew up in Oswego, New York, where she attended Oswego High School (class of 2002). She later relocated to Dunnellon, Florida where she met her fiance George Hall.

Kristy enjoyed spending time with her family and friends. She worked at Applebee's (Crystal River). Anyone that was a part of Kristy knew that she was the most selfless person she always put others before herself. As cliché as it may sound she was one of the most rare when it actually came to caring for others. Momma bear, mother hen or just plain mom is what most friends called her. As much as she meant to her friends and her friends meant to her, her whole world was her daughter Arianna (princess) and family. We all know that we could write books and books on how amazing she was as a family, we just feel bad for the people who didn't have the chance to meet this beautiful soul.

She was preceded in death by Brother, Christopher Michael Smith.

Kristy is survived by her fiance George Ernest Hall and daughter Arianna Mae Hall; Mother, Kimberly Creller-Watson (Rebecca Watson); father, George Scott Ketter; brother, Joshua Ryan Ketter; sister, Shanea Michelle Baker (Kaleb Baker); Maternal Grandparents, James & Dolores Creller; Paternal Grandparents, George & Sandra Ketter; many beloved Aunts/Uncles,

nieces/nephews cousins.

Kristy will be deeply missed by all who knew and loved her.

Kristy loved so many, and was loved by so many more. She had an energy that with even just one encounter with her, you would remember her for a lifetime.

A Celebration of Life was held Saturday, August 13, 2021 at 2 PM. A celebration of Kristy's life will take place at a later date in New York.

“*Kristy. She was the best sister I could have asked for. Yes we had our ups and downs. But being sister's brought us always back together. I had 26 beautiful years with her. Watching her become a mother was the best thing ever. My girls may have lost an aunt bit gained an angel to watch over them. I will never be the same. She was always there when I needed help. I looked up to her for so much. I don't know if I'll ever recover from this. I will always look out for our mae. She will never go a day thinking you didn't love her, she was your everything. Don't worry we've always got her back. She when she's older she will understand. But right now it's so fresh. I will make sure she has the same opportunitys that you gave me. And I will tell her story's of our adventures.*”

“ *Kristy,*

You were the most maternal, hardest working woman I have ever met. Watching you finally become a mother to Arianna was the greatest gift to so many of us! As a long distance family, it meant we always made the most of every visit and I will cherish all the holidays and visits we lucky to spend together as family growing up and recently. Your family and friends will be sure to keep your memory and spirit alive! We love you!

“ *Kris and I shared so many memories over our 25 years of friendship. We had offs and one but we always ended up back in each other's lives. I loved her dearly. My girls gained a extra aunt that they were very close to and I gained a God daughter with our friendship. My heart is broken. I will love you always and forever Mae.*
