“ LaRue, I dont know if you know this but your mom was my hairdressing teacher in Ansonia when I was 20yrs old. Not only was she a great and compassionate teacher, she was a fabulously generous woman. She gave me rides to school when my car broke down, sincerely cared about me when my mom kicked me out of the house, and generally made me feel loved. For in my heart I will love her always. She also told tons of funny stories about her life and with your dad and how she loved to ride on the back of that motorcycle since it was as comfortable as a 'couch'!! I was shocked that such a Christian lady had such a 'racy' side lol. She always spoke about how lucky she was for her family and how much she loved you all and it carried over on to us at the National Academy of Hair. I for one appreciated her beyond what she had given us as a teacher but also as a friend. I wish you all well, I'm sure you must know how lucky you were to have her all to yourselves! Its been over 30 yrs for me and I can still see the big smile on her face, and little twinkle in her eye with her 'reverse skunk stripe hair'. love Chris Davis.

“*Larue and Family~my condolences to all of you. I visited my parents, in Shelton, today, and they told me of your mom's passing. I have such fond memories, as a kid, having her in my life. As a friend and softball coach, she was truly an amazing and fun lady! My best memory of her, when we were failing at a ball game, and letting runs come in, she sang Happy Birthday to the other team, because we kept giving them their runs as a present! My thoughts and prayers are with all of you.*
