“ Lisa was such a joyful, kind hearted, and sweet co-worker. She will never be forgotten by many of those she worked with and cared for. UF Health CCM team was sad to see her leave and even more heartbroken over learning of her passing. May you all (her family and friends) find peace one day in knowing that her time on earth was short but so incredibly meaningful. My heart goes out to you all.

“ Lisa was an absolutely amazing woman, friend, wife, mother, and nurse practitioner. She will be deeply missed. I learned so much from her over the years about strength and happiness. A little-known fact about Lisa was that even after she left our institution to go work somewhere else, she consistently sent me scholarly articles about critical care and nurse practitioner growth so that we could stay in the know about things that were going on in the forefront of critical care practice. Every time she sent one I read it and learned something. I will never forget her or her unwavering dedication to others. Deepest sympathy to her family. Mr. Robert I am always here if there is anything I can do.
