“ *My mom will be missed by so many people. It's hard to believe that I will never see her again or get to hug her. There was always a special bond between us, an unspoken understanding of each other. When I looked into her eyes I could see and feel myself. I suppose that is the bond between a mother and son. I'm heartbroken that she never got to meet my son, her first grandson. She was a kind hearted woman and a loving mother and grandmother. I will forever miss her until the day we are together again in heaven.*
