“Daddy there is not a day that goes by that I do not look at you picture and wish I had more time with you and that I had done things differently through the years. Like spend more time with you and Mom. Live a little closer to you, talk to you more on the phone and in your final days I wished I would have been with you like I was with Mommy. I love you both so much and I miss you so much that some days it is hard for me to go on without you and I can't believe I won't have either of you to talk to on the phone again. As I say good night to both of you and kiss you pictures I just yurn to hold you one more time, but I do believe we will be together soon and I will be ready and waiting for that time of everlasting and eternal life to never be apart from you and Mommy again. I love you so much.
