“ *My dearest Kalisha,*

*Deepest condolences from the girls and I on your loss. Lorna my schooldays friend, was a very talkative and adventurous individual which at times landed us both into trouble of one kind or another, but I loved her as the younger sister I never had.*

*Though she migrated we maintained a good relationship and whenever she returned, we would catch up over some Trini food - curry of course with lots of pepper. And, of course, the bottles of pepper sauce to take back.*

*I would miss that bubbly personality, the charming smile and her sense of humour.*

*Kalisha, continue to remember her as she loved you and was so proud of you. Continue to make her proud.*

*I am here for you.*

“ Dear Kalisha,

*My sincerest condolences. As you probably know, I have been at UF for 30+ years and have known Lorna for more than 20 of those years. There are a small handful of people over those years who are/were truly special to me. Your mother was one of those. I know I don't have to tell you how special she was and how she enriched everyone who had the privilege of knowing her. I will miss her beautiful smile and laugh and, of course, her keen wit. They just don't get better than Lorna!*
