“ *I don't know how I happened upon this, it was indeed a shock and every day, every memory floods my brain and I can't wrap myself around it - I just need to say, You were my Night In Shinning Armour, we both knew that. It was a long time ago and my heart aches so much for what we had and what you made me, you were my life. Never once did I doubt I'd never see you again in this world. I only pray that you finally found what it was we were both looking for. I know you are with Magoo. In my life -*
