“ I will always remember you when I look at my gardens and think of all I learned from you. The hours we spent planning your gardens and planting will be memories that I will cherish forever. I will miss our discussions about books, authors, flowers and trees. I will miss tea and ginger-snaps. I didn't realize how short our time would be. I didn't realize how much I was going to miss you. I hope you knew how much I loved you.
