“ To Marty's family and friends. Please know I am sorry for your loss. I've known Marty for close to 50 years. He dated my cousin. We worked together in the mental health field. We are both RNs. Any communication with Marty was so genuine, filled with humor and so professional(PRN). My brother, with whom Marty worked, died a short time ago and Marty was quick to send his sincere comments. I am a big supporter of the Animal Refuge League in Westbrook, ME and will contribute to them in his honor. Rest in Peace, Marty.
