“ *So sad that we lost Freddy & Mary in such a short time. I lost touch with them but spent quite a few fun times when I was young and with that part of the family. I remember when they all came to our house in NJ for Aunt Bess's 75th birthday. RIP My cousin Mary.*

“ To Mary’s family, my dearest condolences go to your family members. Mary was a very private person and I am sure this is true of all the members. She was a part of my life for almost ten years in the old South end of Hartford Connecticut, actually helping me as I had to put my mom in a nursing home, helping me move out and on into the next chapter, I hope this brings you peace 🕊 love and joy
