“ *I haven't seen Uncle Bud for 40+ years.*

I have fond childhood memories but, as many family dynamics tend to do, ours got "complicated" and we lost touch.

I got to recapture some of his life recently through my cousin, George. I'm glad they were able to reconnect. Remembering back from childhood and to hear recent stories, I don't believe Uncle Bud would feel disrespected if I simply referred to him as "a character."

I love the photo of my parents with Bud and Carol at Rock City. Happier times.

RIP, Uncle Bud. Save your pickles for me.

Jody.
