“ *Mike came into my life when I needed him the most. Though we did not talk every day, he was still there when I needed him. He and I became very close over the 5 years I knew him, and I miss him more than ever. The day he passed, I had planned on calling him, but I didn't get the chance. Because of school, I was unable to be there to grieve. I'll never forget the smiles, and the jokes. I'll always love my best friend, and I carry him with me, in the form of a tattoo on my left shoulder.*

“ *I remember Michael as a little boy that was very active and loved by everyone. He was a very special son and friend to everyone that knew him. I have not seen him since he moved to Ocala, but know that he will be greatly missed by all. Nancy, I can only imagine what you are going thur right now, but you must remember that you gave Michael more love and caring from the time he was born until now. Remember our trip to Mass. General, just one of the many that you made alone. You were the best Mom, that Michael could have had. I am so sorry that I don't live closer, so I could be there for support. I know you are a strong person and with the help of your family, will be fine. Again I'm sorry and am thinking of you. Take care of yourself. Love you, Nancy Robitille*
