“ Michael and I were very good friends. He always had a smile on his face every time I saw him and his embracing attitude always kept me smiling while I was around him. I remember the last thing that me and Michael said to each other... "I love you Megean" "I love you too Michael" . Even though Michael and I never hung out outside of school or even had the chance to grab life by the horns and prove to everyone that we CAN do it, he was my best friend. And even though he is gone out of sight, he is never gone out of my heart. I wrote something for him and I would like to share it .. "One day, I'll once again be able to see your face. The day I get called to go to that holy place. Just make sure you wait for me by the Golden Gates St. Peter will want to send me away, Once he sees how we do things, OUR way The memory of yu has never faded away But i do miss yu more and more each and every day." We love yu Michael, and miss yu so much !! ❤️
