“ *My condolences to the family of Mr. Ram, we are utterly in shock to
hear about the passing. Because of Mr. Ram we have the house we
have today, he gave my father a great advice and help make a
decision that was one of the best decisions we made. He was
always a jolly and respectable man in the community and would
never pass any of us by. He would always stop when passing and
check on us even if it was a minute. Our deepest condolences to
the entire family. We will keep you all in our prayers. May he Rest In

“ My Father was truly an amazing person. Although we had a rocky relationship, he always had my back. My father was one of the BEST tractor trailer driver and the hardest worker I know. I spent several days with him on the road and I was just amazed by his dedication and willingness to drive an 18-wheeler. He carried that motivation over to all aspect of his life. He was one of the first builders in NYC & he helped his family and friends buy homes there too. He has helped a lot of people. He taught me construction and auto repairs. My love for older Nissans came from him, our first car in the US was a Datsun 510. She was a beauty, but was stolen a few weeks later. We ended up owning a Chevy caprice. My Father was a visionary, he bought all the empty lots in the area we lived in and in the early 2000s the value for those lots were 100 times more than what he paid for them. He made bank. He sold all his houses and lots in NY and moved to FL. He bought a motel in Daytona beach called Fairview. It was nice, 1 year later he sold it and moved to Ocala FL. He ended up owning more stuff than I can imagine in Ocala. With everything I learned from him I decided to embark on a better future. From 2017 we hardly talked, but when he visited me in 2018, I was ready for him. My entire life's objective was to show him that I made something of my life. My mom would tell me that he wasn't disappointed. He attended my wedding in the Bahamas and had a wonderful time, even giving a speech. In his quite times home alone he would look at all the videos we sent him of his two beautiful grandchildren and he would laugh. That would bring so much joy to me. I loved my father and my only goal was to make him proud and happy.

“ Our last memory of Balram was in Kissimmee, FL when he visited
our home with his wife Norma, who is my cousin. As usual he kept
us laughing all night.
Ever since his family lived in New York, Balram looked out for
others.
He always had a smiling face and was the center of attention at any
family gathering making sure everyone was happy and well taken
care of.
Our deepest condolences to Norma, his children and the extended
family. It was a privilege to have known Balram and he will be
missed greatly. His time was too short but we pray that his soul will
rest in peace.

“ I was really heartbroken to have heard we lost Uncle Balram. He was so lively and full of energy - I never could have expected this and was shocked when I heard he passed.

Even though I live in Canada, I was fortunate enough to have spent some time with Uncle Balram since my parents moved to Florida. I think he's the sole reason so many Guyanese people decided to move to Ocala. He was great at promoting the development of the city, the advantages of living there, and letting us know when John Travolta was in town.

Every time I used to see him, he always had a big smile to greet me and that would always make me smile. He had a way of lighting up a room with his jokes and jovial laughter. I enjoyed how we would debate everything - from which city had the best restaurants to how to cook egg curry.

This news has left us saddened no doubt, but our memories of him will continue to keep him alive in our hearts. My deepest sympathies go out to his family. May he Rest In Peace.

“ I don't know where to start, it feels like a really bad dream and I can't wake up. I Can't believe that you're gone Uncle Balram, It's a shock to everyone that knows you. I will always cherish the good times we had together you gave me great advise, knowledge, and wisdom. We spent a lot of years together after you convinced close family and friends that moving to florida from New York would be the best choice, it's been 17 years and I can say my family and I have no regrets. I will miss all your jokes and your laughter, you loved your soca/chutney and of course country music, with your cowboy hat belt buckle & boots. Your favorite foods were buffalo wings with a pitcher of beer, you also liked beef curry & salt fish. Their was nothing you couldn't fix from cars, trucks, and heavy machinery you definitely was a jack of all trades. You were the type of person that would help anyone at anytime no matter what. You loved all your family and friends especially your wife and kids. You leave us with a lasting legacy that I know your family will carry on, you are one of the hardest working person's I know. I will miss you uncle Balram, until we meet again. R.I.P. #Mr.Morris #Morris Balram Churaman #RAMBO 🙏 1/20/1955-1/4/2021 🙏

“What's up cuz, how you doing?” Is what you asked me every single time you seen me with a big bright smile on your face. Well cuz, right this moment I'm still in shock, disbelief, saddend and lost for words that you're no longer with us physically. You always treated us with soo much love and compassion. You made our trips to New York and Florida memorable and fun, you always showed us soo much hospitality and made sure we were well taken care of. Whenever we heard you were coming to visit us in Toronto we all got excited because we knew it was going to be a fun and memorable time with lots of jokes and long nights. Going to New York was already not the same when you moved to Florida but now Florida will not be the same without you either.

What I admired about you the most was the fact that you were a fun loving guy that was always the life of the party but at the same time you were soo smart, driven and ambitious and knew when it was time for business and that made you such a successful man and most importantly a role model. You were not just a role model for your kids but for all of your younger cousins and we thank you for setting the bar soo high and being a great role model.

I will definitely miss you at my wedding, I know you would of been there supporting me throughout the whole weekend and enjoying yourself. My mom told me you were looking forward to it. You're the type of person I was looking forward to introducing my inlaws too as my cousin because I was proud of you and you were such a friendly funny person, anyone meeting you for the first time would like you. Your presence will be missed cuz.

My deepest heartfelt condolences to Aunty Norma, Victor, Deveika, Debbie, Desree and your families during this difficult time.

May your soul rest in peace cuz, I will miss you. Rest easy brother.

“ *As my heart is filled with sadness, words cannot express how dearly you will be missed Brother Patsy. Whether it was in New York or Florida, you always made sure we had a comfortable stay and a memorable, amazing time. Whenever you came to Toronto you always made sure to stop by and visit mom and dad to catch up. You are an incredible person and an incredible soul, and the epitome of an individual who was hardworking, loved life and his family. Only God knows why he needed you so soon. Your presence will truly be missed.*

On behalf of my wife Chelisa, sons Nathaniel and Isaiah, our heart, our love and our prayers go out to your beautiful family, Sister Norma, Debbie, Devieka, Deiree and Victor. We pray that God showers strength and comfort to all of you and the rest of the family.

May you have a safe travel into God's kingdom. Your body may be gone but your spirit and memory will always be with us, and I am forever grateful to have known you. We love you and miss you!

“ Brother Patsy,

There is no words that can describe how I felt when I heard of your passing. I was in disbelief . To know that I never hear your voice and get to see you one last time. You were such a joyful , jolly and pleasant person filled with ambition and positivity. You showed me what it is to be a hard worker and that dreams can become possible. I remember the first time we met when I went to New York and stayed by your place. You showed me what family is and extended great hospitality because that's the person you are. You were quite the character "Dr.Morris" as you would greet me in your phone calls. Always you found a way to make those around you laugh and smile. Family has always been important whether its your own or extended you reminded me we were all one. You would always call to check up on mom and dad very often including my self because you cared. The last time we spoke you said come down man you due for a trip me go show you me new place me get, and I told you yeah bro soon time maybe next year. Sadly there is no soon time. Who would have thought a strong vibrant person like your self would leave us in such a short time. On behalf of the Lalchand family we send our heart felt condolence to the family. You will forever live on in our hearts and memories. Until we meet again may peace be with you and God open the gates to accept you in his home.

“ *My Dear Uncle Balram, We can't believe you are gone. Balram was known to me as always laughing and talking loudly about cars and politics. It was like he knew everything and everyone. My earliest memory of him was when he and my Aunt Norma came back from Trinidad with my beautiful cousins Victor and Deveika.*

He was always ambitious, (buying, building and investing) he loved beef curry and danced to any song. I admired his strength and passion for life. It's a terrible shock that he allowed this virus to win. He was a fighter, came out strong after his near death accident. He moved to Ocala when no one else was going there and once owned a motel in Daytona Beach. He lived life how he wanted to, married LBI beauty queen, has the nicest kids, drove the best vehicles, lived in beautiful houses, traveled the world and I could go on and on. Balram will be remembered by me as a kind and hardworking man who wasn't afraid of anything. I was so happy when he told me he was going to Christian church, I know he has peace with God and He is in heaven with his Maker free from sickness and pain. I pray for comfort and strength for my Aunty Norma, his children, grandchildren, sons and daughter in law, relatives and friends. Rest In Peace My Beloved Uncle Balram.

“ To our dearest Uncle Patsy,

They say, dance like no one is watching and live each day as if it was your last. This saying had you written all over it and this is exactly how you chose to live your life; I admired you for this. You truly had a heart of gold and lit up every room you walked into with your smile, cheerful personality, and we cannot forget, your stylish wardrobe. Simply put, you had a zest for life!

Thank you for always checking in on my parents and for all the happy memories you left us with. I was fortunate enough that you were able to attend my wedding in Canada. I still remember, you were on the dance floor the entire night, enjoying the company of your family. You loved family. Helpful and kind also described the kind of individual you were. A perfect example of this was when you helped my in-laws in Florida with some truck parts. Being new in the country, you treated them as if they were your very own family and I will forever be grateful to you for this. We are so saddened by your sudden death and trying to wrap our minds around it. Aunty Norma, Victor, Deveika, Debbie and Desiree and the rest of the family, we send our deepest condolences to you all and we pray that God gives you the strength to get through the most difficult days ahead. I think the hardest part of Uncle Patsy passing is that we cannot be with you in Florida to help, cope and to reminisce about the good times spent together. We love you all and are thinking of you. We are here if you ever need anything and we're also just a phone call away.

May your soul rest in peace Uncle Patsy, you have gone too soon. Our family will miss you dearly.

“ Dear Uncle Balram,

The news over the past week has been surreal for all of us. You have gone too soon but while you were here, you thought us to live life to the fullest. You also worked extremely hard to achieve great accomplishments.

You often called us in New York to provide an update on the companies that were investing in the growth of Ocala. We often refer to you as the mayor of this city. It is very comforting to know that you spent your last days in a place you loved more than any other.

We were always very proud to have a reliable Uncle like you and will miss you dearly. Thank you for all the support throughout the years. We treasure all the memories we shared and you will forever live in our hearts.

May you rest in peace.

“ My heart is broken as I write this. I can't believe that the last time I saw you on facetime while you were hosting my mom and dad at your place would be the last time I'd ever see you and your loving smile again. You were definitely a special individual with a personality that captured everyone around you. You were always the "cool guy" with the cool boots and the cool hat and was just always styling! You emitted so much fun and positive energy that being around you was a true blessing. We always got so excited when we found out we'd be seeing you. You will be missed by so many. I admired how much you valued family. You made all efforts to check in on my mom regularly and visited us in Canada frequently over the years. We managed to stay close as family, despite living in different countries. I promise we will all do everything we can to follow your lead and continue honouring your memory. Your energy and love will keep my siblings and your children close and bonded forever and we will continue to make those efforts that you did. I never thought I'd have to say goodbye to you this soon. I wanted you and your dance moves at my wedding. I wanted my fiancé to meet you as I've already told him so much about my cool cousin in Florida. I wanted to hear more of your stories and your jokes. And wanted to see that smile again. I'm so sad I won't see you again. But I thank God that I have so many beautiful memories in my heart of you that will live on forever. You've truly left your mark here on earth. On to your next stage, I wish you peace. I don't want to say goodbye. I will just say I love you and you will miss you.

“ I am the pupu for Patsy. I've known him all of his life. When he first came to Canada, he stayed by us and got to know all of my children well. After a while he moved to the United States and still managed to keep in touch. It was the same thing for when he moved to Ocala. He visited Canada occasionally and came to my children's weddings. We also visited him several times in Ocala. Just last December we visited him in Ocala and he dropped us off at the airport on Christmas eve. It was the last time I'd see him in person and I will always remember his face that day. He was always joking around with me. He called me on what's app every week at least 2 or 3 times. If I didn't answer he would call back and say "Eh gyal, ah where you been ah nack about". He always made me laugh! Last Christmas I'll never forget how he whine up while dancing and having so much fun. I will miss him very much, God knows. There are so many things to say about him but I have to make this short. Patsy, I want you to know that I will always love you and will miss you very much. I cherish you in my heart nephew. I'll be missing those regular phone calls from you and hearing your voice. You left me in shock and with a heavy heart. Good bye, RIP my sweet nephew.

“ Hi Pats, my heart is heavy to write this to know that it was only just in last December we had a ball of a time when you put on some good dancing at your home in Ocala. Aunty Data and I loved it. Man, you gave us short notice. If not, no notice at all. But you left memories behind and cherishable ones too that will remain in our hearts forever. In a short time, you left our home in Canada and then headed off to New York and then finally ended up in Ocala where you built a legion all by yourself. Well done Pats aka Dr. Morris aka Balram aka Rambo. And by the way you have lived up to the name Rambo. I will miss you.

“ *Uncle Balram,*

We were speechless when we heard the devastating news; thought for sure you will always be here. You always told us how strong you were...you even wore your 'Super Man' shirt to our house-warming, with the signature Cowboy boots and belt buckle.

You were always the life of the party and made everyone feel welcomed, even though you told them they weren't 😊. You were an accomplished businessman and entrepreneur who immediately made an impact in small town Ocala. Most importantly, you were a proud father who always spoke highly of your children and their achievements. You always asked me to look out for them, and I promise I will.

One of our fondest memories, is you asking for salt to pour in your beer...we thought it was the strangest request. Guess what Cuz...going forward there will be no beer without a sprinkle of salt for your Legacy. You will be missed....Cheers!

“ Brother Patsy,

I never Thought I would be writing something in memory of you but I guess God had another plan.

You were definitely a great person with a larger than life personality. You were always the life of the party with your jokes and life stories. You always made everyone aware of how proud you were of your family and life accomplishments. I Think you are the only person that I know who knows how many bricks it took them to build their house, What a unique person.
