“ *Jim Denton only gave me the news of Peter's passing the other day - I'm so sorry this is so late. Peter Drake and I met at high school and we hit it off from the word go. After I left to train to become a science teacher we lost contact, but around the turn of the millennium we reconnected and swapped many a memory of the "good old days". God bless, friend - sending condolences from "Down Under".*

“ *I am sorry for the belatedness of this tribute - I have only recently heard the news from a mutual friend. I knew Peter when we were kids - he was always cheerful, optimistic and with his eyes on the horizon. I hadn't seen him for many years, but whenever I hear the name "Peter Drake", all I can do is smile. For many of use kids, he was kind of like a life "teacher". God bless, and RIP. Jim Denton.*

“ My Daddy was a man who had smiles to brighten your days. He always has a story tell or share his memory of "back in the day" when racing or working at the marina at FT Monroe VA. Daddy was also a good listener and would give advice. Daddy will be greatly missed but never forgotten. You will stay in my heart forever. Love you Daddy.
