“ *My Grandmother was one of a kind. She taught me a lot of life lessons I live by today and pass down to my kids. She was a person I could go to and talk about anything. She always had a way to make me smile or laugh especially when she would tell stories about when she grew up. Always kind, always loving and self sacrificing. To hear of her passing hit me hard. She was way more than just a grandmother to me. She was a second mother and friend. Words can not express the impact she had on my life. I am truly honored to have had her as my grandmother and she will be gravely missed. I love you so much grandma and I pray I will see you again.*
