“ *I didn't know Ray for very long, but in that time he definitely made an impression upon me. His support and positive attitude were about as meaningful as his wisdom and clarity. It saddened me greatly to hear of his passing. What was lost in us losing this man, will transform into a gain with all of our memories of time spent together. Many condolences to his wife and family in their time of need. My thoughts and prayers are with you. Always.*

“ *I will miss Ray at our club meetings. We had such good times at the Perkins breakfasts. Everywhere there was a HAM event, he would brighten our days by coming over to chat. He will be missed by many.*

“ My condolences to the Voss family. Ray will be missed by myself and all of his ham radio friends, and boy did he have all of friends on the ham radio! I first met Ray on the radio run by the Twin City FM Club, one of the radio clubs he belonged to, then in person at club meetings. I use to always see Ray in attendance at the TCFMC club meetings and occasionally at the morning breakfast at Perkins. It was always nice to run into Ray at the ham fests and swap meets around town and exchange a few words. Ray was always insightful when help was needed, and was always there to lend a hand when he could. I will definitely miss hearing Ray on the radio putting out his call.

“ To Ray's family and wife My heartfelt condolences and sympathies for your loss. I've known Ray for a long time through video production and most recently as a ham radio friend. He has always been so kind and generous with his time, helpful in so many ways. I'll miss you dear friend. Mike Miller N0NY
