“ *Becky was a co worker as was her husband Brad at one time. They were so made for each other. I am so glad they got to spend 13 years together. Becky was so sweet and caring, a very smart, helpful engineer and an overall wonderful friend. She was a strong fierce fighter when her health was challenged but I am thankful she isn't fighting or suffering any longer. May God reward her for her earthly life and make her whole once more. Brad my thoughts and prayers are with you my friend.* ”
