

Regina Rose Merlet

May 16, 1970 - November 20, 2020

Born in Queens, NY on May 16, 1970, Regina Rose Merlet, was the last of 4 children born to Anthime and Reine Marie Merlet. She is survived by her 1/2 brother, 2 brothers, 1 sister, 2 sisters in law, numerous nieces and nephews, and many other relatives. From her earliest years, she was a nature lover. She spent a great deal of time outdoors, often in the company of wildlife. Although she loved all animals, she had a particular fondness for birds, horses and dogs. She was a faithful attendee of the Salvation Army of Ocala's Center for Worship and Service. She worshipped with the congregation weekly on Sundays and was an excellent student of the Bible. She attended Women's Ministry meetings and participated in special events such as the Prayer Vigil for Victims of Human Trafficking held at City Hall in downtown Ocala. She also offered herself as a volunteer to help those affected by modern day slavery. She participated in Salvation Army Community Care Ministries by visiting nursing home residents during the holidays. This gave her great joy and she planned on making small booklets of her nature photographs to give as gifts to invalids and shut ins. For her career, she held many different positions, all with the common theme of helping others. Regina had a true servant's heart and delighted in ministering to anyone in need. Regina was preceded in death by her parents. She is survived by her loving siblings, Eddie Merlet, Harry Merlet, Patrick Merlet, Josiane Merlet, and many nieces and nephews.

“ Hello everyone.

My name is Moses (26 yrs) and I am from Ghana(Africa). One may wonder why I am doing this with regards to the distance involved.

Indeed I have lost a great person my life . She was an Angel and my Godmother. Knowing each other for over 5 years on Facebook . She thought me how to pray .

She made me understand God and life, and the essence of living. She defined love to me.

*Though we never met personally ,She shared and blessed me with amazing things about humanity, nature and love Even some bit of her personal lives. The story" Terror in the rose garden."
..Chief,zake, butterfly, cricket.*

She is a smart woman, She directed me to this site to share my tribute...I have been praying to God to let me get to her since the 14-11-2019 since she last posted on her timeline..

Hallelujah!After watching this movie (with a Character Margot Kim) today .I got the key words to fix into Google.

And here I am, I finally got to know about her demise.

Blessings!!

I know she is happy and grateful to God where she find herself now.

She always tell me." Nothing happens by coincidence, but rather by the grace of God".

My sincere condolences to her family.

I love you so much Godmother, and you will forever remain in my heart.

Continue smiling Godmother.
