“ To All of my Wooten family, I was so saddened to hear of your Mom's passing. I saw her before my mom died when Gay and I brought her over spend the afternoon with mom. I got to spend time with her as well and it was a nice afternoon. She always remembered my mom's birthday with a special card and I know they shared a great, long friendship. I know it is inevitable that we lose our parents, but it is still so hard when they go. I will always remember our times down at your house when we shared so many fun times around your kitchen table. They were special just like your mom. Love to you all, Bebe
