“ *I had the pleasure of working with Bob in Boynton Beach, Florida for over 20 years. We worked closely in paging manufacturing. Bob was always one of those people who come to work with a pleasant attitude. No matter how stressful times were, Bob always had a smile and made the atmosphere a better place to work at. My prayers and thoughts go out to Bonnie and family. Bob will be truly missed!*

“ *A donation has been made in memory of my friend Bob to the Wounded Warriors project. It is just a little something to remember his passing and to reaffirm to his loved ones that he made a difference in the lives of those who knew him.*

“ *There are times when you meet someone, who makes an impression on you, you will always remember. For the short time I worked with Bob I knew he had a great sense of humor and always had a smile. When people move away, you loose track, but still retain fond memories of that individuals character. That will always be in my mind of Bob. My condolences to his family.*

“ *What a shock to find my friend has passed. When he retired from Motorola and moved out of state I thought he was busy enjoying his retirement. People get busy with their own lives and fall out of touch. I always thought we would connect again someday. God bless Bob and his family, I will miss him very much.*

“ *My dear husband of almost 40 years, life will not be the same without you. I miss you every day especially that sense of humor of yours. I used to laugh everyday...I don't laugh so much anymore.*

“ *Uncle Bob, When I heard the news regarding your health I never considered the possibility that you would be taken from us, my indestructible loving caring uncle who always had a smile on his face and an open seat during the holidays to show me that my mothers spirit lives on. I didn't get a chance to say the things I needed to tell you nor did I ever have the chance to thank you for believing in me when most had given up. I wish I could sit across from you one more time at Christmas to hear your laughter at the silly stuff my dad used to buy my mother for Christmas. I hope one day I can make you proud with some children of my own! Hopefully we all can rejoice in heaven together one sweet day, take care of my mother and give grannie a kiss for me! I love you Uncle Bob!*

“ Dear Brother, I am deeply saddened by your premature passing. I did not know that you were as sick as you apparently were. I have the memories of us growing up together to sustain me until I can see you again. You accomplished a lot in life and I was always proud of you. You were a kind and gentle soul and I'm sure your in heaven now with Dad, Pat, Nan, and our other family members who have passed over. Save me a spot at the picnic table in the sky dear Brother. There will never be another like you and you will be dearly missed. I love you Bob. Your Brother John

“ No one could ever match the love, and respect that I have for my brother and always will. He was my friend, my brother, my calm in the storm of this life we live in. He helped me get through every day just knowing he was there. He stayed long enough in this world to help me with the final task of our mother and her care and I will forever be grateful. I can't imagine this world without Bob in it, it was such a more beautiful place with him in it. I miss you so much already. Always love, Sharon
