“ *I was very saddened to hear of Bob's passing. He was not only a coworker, but a mentor and dear friend. For years Bob and I traveled together doing our work for ETC. An everlasting memory of Bob would be the times when, on international travel, he and I would have putting contests to be declared either the leader of the civilized world or to secure the window seat on the flight home. I have so many other wonderful stories and memories of him. These memories will last me a life time. His family is in my families thoughts and prayers. Thank you, Bob*
