“ When I think of my Dad I think of a true family man that always put his family first. I remember Mom saying that our family was Dad's whole world. He didn't have many hobbies other than his love for classic cars. I think I got my love for music from Dad. Back in the 60's he would lay in front of the old Hi-Fi listening to records to relax. I can still remember all the records he played. I would sit there with him . When I started playing music Dad became my self appointed agent and biggest fan. He came to every gig he could. Dad always worked hard and he taught us that life is what you make of it. He gently guided us but always encouraged us to find our own way. I cherish many wonderful memories of times we shared with Mom and Dad. We always had fun with them and enjoyed them like best friends. The most precious gifts they gave me are my sister and brothers. We honor you Dad and miss you terribly but know that you will always live on in our hearts. All My Love, Daughter Julie

“ I believe that everyone whoever met my father liked him, He was like a celebrity in the last neighborhood he lived in. He would ride me around on his golf cart, and we would have to stop and chat with everybody.His presence,and the way he carried himself drew people in.He was a good balance of a tough mans man, and a loving husband, who also adored his five kids. He was a great teacher, and a guy you could talk to like your best friend. Just three weeks before his passing, pops made a 3 hour trip to my home for 5 days that I will cherish forever. That"s a tough guy. My brother "Kevin" and I believe he hung in there in spite of his failing health for one last good time with us. My dad... Robert Mark Hollingsworth was a true hero!

*“ I feel very blessed to have this man as my father.Dad was a man who loved his children and loved my mother the way a husband should.I have learned how important family is because of the example that my father and mother set for me. Dad was a hard worker,always busy working outside or doing some kind of project.I am sure I love working in my yard because of him.I have so many memories of the little things that he did just to make us smile. I will miss my father so much but I am glad he lived a long life and was loved by so many.*

“ *Because we were separated by distance, I personally did not have very many opportunities to know Uncle Mark as well as I would have liked. Yet, thanks to discussions with other family members and all their stories about him I feel as close to him as if he lived next door. He was a man born with what one would call a natural nobility - a tough, no nonsense perfectionist with a heart of gold and a playful sense of humor. Goodbye Uncle Mark, now that you have joined Aunt Norma may you both rest in peace. Your Nephew Mike.*
