“ *My Father was a man of few words, more a man of action. He made sure his bride and 8 children always had something to eat, a feat in itself with 5 boys who loved to eat! Our friends were always welcome join in a meal, he would just peel more potatoes to make potato soup. I am proud he was my Pops, and he always beat me on all the Xbox games we played. Going to miss you Dad, say hi to Mom and give her hugs for me.*
