Robbie was a great friend; my best friend. When I flew down to Florida to see him in the hospital, he appeared to be recovering, but then took a turn for the worse. I am so saddened I lost my deeply devoted friend. We were great buddies for over 20 years. Even though he moved to Florida, we continued our friendship and spoke almost every day on the phone. I visited him three times over the years in Ocala and we had a blast. Regardless of what some people may think or say, I knew Robbie and only wish I could find another loyal and caring friend as he. You will be forever missed. Rest in Peace Robbie.
