“ I loved you very much Rob. You always helped me when I couldn't think of things to do. And you were always so good about checking on me throughout the day and bringing me lunch. I will miss you dearly and think of you always. You're in God's hands now and I know he will always be looking after you. Give Mom and Dad a big hug and kiss me. Love, San

“ An endless joker and talented photographer! Thank you for all the wonderful memories over the years, Uncle Rob. You taught me how to develop film in your makeshift darkroom, and your creative inspiration helped shape my path in life. You saw miracles in nature that most of us can't imagine. I bet your getting some really great shots now. Love and miss you, Brandie & Toby

“ Hey baby brother! We already miss you so much. Looking at all the wonderful photos you have taken through the years makes us truly appreciate what a wonderful person you were and how much you will be missed. Your photos are the kind that should be shared with everyone. Wish we had been at some of your photo sessions to share the experience and to truly capture the spirit of what you were seeing through your eyes. Thank you so-o-o-o much for taking care of our dear sweet San after we lost Momma and Daddy. We are broken hearted once again but find comfort knowing that you are with them. We will miss your quirky sense of humor and your silly antics. Wish we had spent LOTS more time with you..... Your loving sister, Kaye
