“ *I am sorry for your loss Linda and for your family. You must have been good for him he stayed with you a long time. I have a few memories of him from when I was little. He was me and my sisters Dad and he had dark hair, brown eyes, and tatoos from the military. He was a truck driver at the time in the early 1970s and went on long work trips alot. He helped me blow out my candles one year and bought me a toy stove and table for my birthday. I wish I could have talked to him I think we could have been friends, for I am a very loving easy going person who let go of anger and pain a long time ago and only have forgiveness and my love to offer. I also have his nose a beautiful singing voice and five beautiful children. Wish I could have met you as well and my prayers are with you and your family. God Bless Sincerely, Tammy Melanson (Vozzella)*
