“ When a person leaves a job it's like pulling your hand out of a bucket of water, you are quickly replaced. When you leave a town, community, or church, it's like pulling your hand out of mud, it takes longer but eventually the hole is filled in. But when someone leave a family it's like pulling your hand out of a cement mold, the space never fills in the hole is there forever. We will miss you Roland. We loved you and your whole family very much. Pam & Jim Hoshauer
