“ Dear Genoyce and Ronny....it is with deep sadness that I am writing this condolence regarding the passing of your dad. Viewing the video brought back many wonderful memories of your Mom and Dad. I am touched by his last days pictures, yet happy to see that you all were close to him and smiling during your visits. I am also very happy to see that he was able to spend quality time with his grandchildren. This is a part of life that we never get used to. Console yourself in knowing that spending time with him during his last days is the greatest gift any child could give a dying parent. Please be in touch Madrina Evelia

“ I am deeply saddened by the death of my friend and classmate. Please accept my condolences. Slobbo was a gentle giant to most of us and never had a harsh word to anyone. It was a privilege to serve with him on the altar. He was competitive and excelled in basketball, volleyball, Ping-Pong and any sport he decided to play. May he rest in peace.
