GS

“ Ronda and I go way back and I'm so very sorry I did not check in with her after all these years, particularly after her accident.

I started to look her up a couple of times; but I never did....and I very much regret not doing that.

I left FDOT in 2004 and went on to other work in the road construction industry and then I retired in 2015.

I wish I had stayed with the Department because the CEI alternative was way, way worse.

I started at FDOT Ocala in 1991 and after a few years, Ronda arrived and she was very impressive from day one. Ronda was damn good at everything she did.

She would win you over, even if your opinion differed from hers.

Always interesting to talk to; when you appeared at her office door she would look up at you, smile, and you knew you were welcome. No matter why you came to her office, Ronda would listen to what you had to say.

As far as knowledge, Ronda would blow you out of the water. She knew FDOT specifications better than anyone I've ever seen in my 30 years in this industry.

Ronda did every job she was assigned to better than any male counterpart could hope to do. She was unmatched.

I worked under Ronda's supervision for several years on many multi/million dollar FDOT projects. She always treated me with respect, dignity, and ever if we disagreed (which was rare) you would genuinely be convinced she was able to look objectively at your side.

FDOT District 5 has lost a dedicated, hard worker, a very common sense manager (practically unheard of with FDOT) and a kind gentle soul that welcomed everyone. There are few people left that at FDOT that have the character Ronda had, sadly.

I'll always remember her kindness. I'll always remember Ronda's energy and enthusiasm on our many charter boat fishing trips out in the Gulf.

Thanks Ronda, so much !!! Snag a huge heavenly grouper!

See ya' on the other side, RSD! We LOVE YOU!!! I most surely do.

George E. Solana, Jr.

DD

“ *Ronda was a great person. Always willing to help you. I will miss her. Things I will always remember is her passion for sports and fishing.*

Diane Durham - October 08, 2020 at 08:12 PM

MO

“ *I had the privilege to work with Ronda for several years. She was always so helpful! I always looked forward to working on projects with her; she was a true asset to the FDOT and had a great heart. She will be missed dearly.*

Megan Owens - October 08, 2020 at 07:23 PM

NA

“ Although I can't be at the service in person, I am there in spirit. Ronda was my supervisor for many years and we got along very well. She was always a hard worker and willing to work as a team to get the job done. Her good spirit and kind heart will be missed. She would leave gifts of candy when she saw me stressed out and give cute little gifts during the holidays to let me know she was thinking about me. She fought a long hard fight and now is able to be at peace.

May be peace be with her family and friends.

*Sincerely,
Nicole Aiton*
