“ It’s hard to know where to start when I have so many treasured memories of Sharon. Her warmth. Her laugh. Her enthusiasm. Her overflowing love for all her children and her pride in them. But one memory sums up exactly what kind of dear friend and human she was. Years ago, someone very close to me – who was a very private person – had been near death in the ICU for days when Sharon called me. I don’t know how she knew to ask, “Tell me what’s wrong.” When I answered, “I really can’t,” without missing a beat, Sharon followed up with, “Well then, tell me what I can do to help.” That was Sharon, that instant generosity and love. May her memory be a blessing. Alice Vachss

“ A beautiful heart. Very pleasant, loving, caring person. I met her and worked with her for more than 3 years, at one of the facilities she supervised. She was such a wonderful person to have worked with. She went above and beyond , taking care of the sick and shut-in, while delegating, making sure that everyone in her care was safe and well cared for. She was a very respectful person, and very kindhearted. I remember how I was faced with a problem and needed help. When I called her, she never hesitated. She immediately gave me the help that I needed, I am forever grateful. May God grant her children, blessings, comfort and peace, and with great strength during this time of their grief. May her soul rest in perfect peace. To be absent from the body is to be present with the Lord.

*My name is Fernandez (this is the name she often calls me).*
