“ Hi Jeff and family, Sorry to hear about your Mom passing away last year and that your Dad had passed away previously. I have many great memories of them both! I googled your (Jeff's) name today and found the obituary. I just happened to look at the calendar and noticed that it was your birthday. My sister Sandy got married on your birthday in 1978, I think -so I have always remembered that date. I had heard that you had moved to Florida several years ago. Hope all is going well for you. And most of all I just wanted to say happy birthday! I'm not sure when you will get this message but hope you had or are having a great day! I tried to find your email online, but couldn't find it. Please send me an email if you get a chance! Ernie Madden

“ Mom, We love you and miss you very much. It doesn't seem real that you are not here with us. I know you are enjoying the gardens in heaven right now. We will enjoy them together one day. Love, Jeff & Family

“ *There is an empty place in my heart that Mom filled. She always said that someday she would be called "HOME" to be with her Mama and Papa. I know in my heart she is happy in heaven, surrounded by loved ones...that it is those of us she left behind that feel the pain and sorrow of her passing. Ninety years is a pretty good stretch on this earth, but I still wish we had her a little longer. Loving and missing you, Mom. Until we meet again. Pat*
