“ Mom, You have been on my mind non stop.. I have the most beautiful memories of you flooding my mind this morning... you and Dad always treated me like one of your own and I feel so blessed to have been honored to call you Mom... I have two amazing brothers and all of you have shown me the true meaning of family. May the winds remind us all of the gentle peace that you brought to us. May the sunshine make us smile in the memory of your warmth. May the raindrops help us to wash away the sadness and the tears and May the snow that covers the ground show us how pure your love for your family was. The stars at night will shine upon us and show us the beauty that you did. May the daylight of dawn touch us to show us every single day how much your light Shines brighter in your new life as our guardian angel. I love you Mom.. and the beauty of your soul will remain with us for the rest of our lives. May you sleep peacefully with the angels.

“ I am very saddened at the passing of Takako. Whenever I was in her presence she was so serene and kind. May she be soaring about the clouds on feathery wings. Many thoughts to all of you that are left behind.
