“ We almost made it to your 76th birthday and our 50th wedding anniversary. You did get to visit the 48 states to add to your love of history. We hiked, motored, and biked; both bicycles and the motorcycle. We enjoyed boating from rowboats on the Delaware to the Du Fore sail boat going around Manhattan. Taking me up the plane you piloted called for special skills on your part to keep me calm. Life will not be the same without your laugh and your special humor. You left the family with memories, special memories that will be repeated and cherished. I am so glad you died with their love in your heart. You were and remain a great husband, father, and granddad to your family.
