“Becky, so sorry that Joe is gone but rejoicing that you and your family can have peace that he is with Jesus because Joe had assured you many times that he himself had peace because he had a relationship with Jesus Christ. Joe was a character, I know. I had a soft spot for him, maybe because of the horse connection, and the toughness I knew it took to be in the line of work he was in. I was always glad to see him when he came to see you and could see that he loved his family dearly. May those that don't know Jesus in your family come to know Him through Joe's life and death. I love you my friend, Jill
