“ I am feeling your loss and sadness. I am grateful to have met Mr. Lashley and the whole family at the barbecue so many years ago. I can still hear his voice when I was in high school and I needed Susan's help and called her and heard his voice when he picked up the phone. I am forever grateful to him that I have Susan as my friend for all these years. It's amazing how one life can affect so many in such distant places and time.
