

Warren David Stowell

April 5, 1952 - February 28, 2024

Warren David Stowell, 71, of Ocala, Florida, passed away unexpectedly at home in the evening of February 28th, 2024. Warren will always remain with us through our cherished memories, lifelong lessons, and most of all, his love and compassion.

Warren was born in Troy, New York to George and Shirley on April 5, 1952. He earned a Master's degree in Accounting from the University of Denver in 1979 and went on to build an illustrious career in Health Care Administration and Physician Operations, most recently as Vice President of Operations with Tenet Physician Resources (TPR) at Tenet for the past 10 years.

Warren developed a renowned reputation of integrity and respect and cared much more for others than himself. He enjoyed spending time with his grandchildren, his numerous animals, bike riding, but most of all, horseback riding with his beloved wife. He was a loving husband, father and grandfather, as well as a mentor and inspiration to us all, and will be deeply missed.

Warren is survived by his wife of 30 years, Robyn; children Matt and Nate (Tanya), and his many grandchildren Meagen, Zoey, Natalie, Makenzie, and David. Warren was preceded by his parents George and Shirley.

“ *My deepest sympathies and condolences to Warren's family and his sisters. We lifeguarded together at a small village park (Cook Park in Colonie) for three years and had many adventures together. I learned a lot from him and, even though we didn't stay in touch as much as we should have as he moved around the country, very frequently my memories of our exploits would frequently come to the front of my memories. He had an impact on everyone he came in contact with.*

“ Warren and I were best friends in HS . I'm sick over this There were about 5 of us who were always together. John Berhaupt/ me / George white/ Jimmy Lavignia. I spoke with Warren about 3 months ago. We talked about our love for cars. He had a couple of Ferraris. I restore classic cars. Warren had an amazing 67 mustang S code fastback in HS. We also both love horses and own a few. I just have no words.

Bill- I couldn't agree more with everything you wrote. Having lifeguarded with Warren for three years at Cook Park we got to know each other pretty well. I also think he picked up my love for motorcycles where there and i picked up his love for cars. He will be sorely missed by all those who knew him.

“ As a physician in the San Antonio market, I had the privilege of knowing Warren for several years. Over that time, our professional relationship evolved into a friendship. This is entirely due to the type of man that Warren was. He was a physician advocate who genuinely cared for physicians and all those that worked for him and with him. Our conversations initially addressed practice and market issues but the majority of our time was dedicated to our mutual passions for animals and family. I will profoundly miss his warmth, humor, sincerity, and friendship.
My thoughts and love are with Robyn and her family.

“ *We are saddened by the sudden passage of Warren. As physicians of TPR, we had great working relationship with him and held him high esteem. We liked his friendly attitude and his straightforward down to her personal style. He held all of us to very high standard and exemplified it by his energy and dedication. RIP. “ Warren is my brother in law. I am grateful to be visiting my family there in Ocala. I got see him and say goodbye before heading for the airport the day before his passing. Warren a very loving man. Loved Robyn dearly. Loved his dogs and the horses. Loved his job very much he said to me. Loved life. His life in this world ended too soon.

Warren, I didn't get to tell you this but thank you for loving Robyn and making her happy. See you sometime again Warren.

“ Warren was a giving person - when my husband (Robyn's brother) was sick he drove up to Virginia to be with us (Robyn was with me) during a hurricane. I will never forget him for doing that. He was always great at spending time with me when I visited their home and was a giving man. He will be missed. I offer my condolences to Robyn, his sons and grandchildren and will keep them all in my prayers.

“ While I worked with Warren for many years (HCA) and for him (TPR) we formed a friendship that was really a brotherhood.

We flew hundreds of thousands of miles together and I enjoyed hundreds of dinners and drinks and sometimes cigars with Warren. Ocean Prime, where we went often (just across the parking lot of the Ashton where we both stayed while in Dallas), even dedicated a sign to us “Reserved For Butch & Sundance.” Warren being the boss of course was Butch. When I left Dallas I kept the sign and it has been on my patio for years. I think of my brother every time I see it.

I always enjoyed keeping up with Warren via phone—even after a while when our calls became less frequent, we always picked up right where we left off.

He was a mentor, a motivator, and a true "leader" in every sense of the word. Mentioning him on a resume was an honor, and that in itself was an attestation of one's abilities as he surrounded himself with pro's.

I want you to know Robyn, that when we would travel home from Dallas and you would drive to pick him up at the airport, that was his favorite part of the week—plus weekends with his grandchildren, family, and horses. Tears have turned to smiles...just remembering the great times. He was a good man...a class act. He was a gentleman. I love him still (always)...God bless you brother! MG
