“ Wendy was like a sister to me, and her Mom & Dad treated me as one of their sons. When Wendy contracted her lung disease, I would call her often and talk about her situation as well as many others. Amazingly, at the end of our conversations that I would use to make her feel better she would always make me feel better because she was such a Godly Lady. It was evident ,the one thing that I have learned as we went through her tribulations together that she relied on God through it all. It was also clear, that she loved her family with the only love a Godly Mother could have. To her family remember the good times which were many I'm sure. Know if you are a Christian, you will see her again. Love and Prayers Walter
