“ Charlene,Joey,Karen and Joanne I was deeply saddened to hear about Billy. He was always upbeat and willing to help out in any way he could, from getting up early in the morning to help George and I with the bagel shop, to when George was diagnosed with cancer, he was right there by his side. He is no longer suffering and is now home with George, Mom and Dad. Charlene, you are a strong person and you are a good wife who always took care of Billy. Just remember all the great times you had with him. My prayers will always be with you and your family. Love Annette

“ Billy, I miss you. I know the last year has been full of pain. You didn't even want to talk to anyone. I know the only thing that kept you going was your beautiful wife and our brother Joe. We will all miss you so much it makes me sick. I know you came here for your son in April with the last bit of fight you had in you I'm glad you got to see Caleb and you were so proud of him. Stephanie is doing a great job with him and he is awesome. You know Little Billy needed you and you were there cooking and doing everything you could, that meant so much to him. I only wish that babygirl [Emily] could have got to know you I know you love her and my boyfriend [Littleman] kept you going you were always full of love and compassion for people and you will be sorely missed by so many. We fooled around and said we were the twins because we looked more alike than Karen and Joe, and now that I know I can't call you anymore there is a big hole in my heart. Charlene said to me "he loved you so much" and I told her you were more in love with her than anyone ever. I'm so glad you had a great girl like her, if it wasn't for Charlene you would have lost your fight a long time ago. I pray God gives our family the faith to live a holy and repentive life so we can be together in glory! I'll love you forever Love "sister"

“ I miss you my love. You are my everything. I know you are with Jesus now and your suffering is over and for that I am grateful but the pain of not having you with me is hard to bare. You are a kind and giving man and have taught me many of life's lessons. I will see you again one day and that is what will keep me going. I love you forever and always. Love Your Wife

“ I know you are with God and belong with him now but you will always belong to me. You are every beat of my heart, every breath I take every tear that falls, every thought, dream, wish, hope. I am trying so hard to get through this. Our love will live on forever through our children, our grandchildren through faith. I love you my angel and miss you terribly. Come to me in my dreams so I can see your face again. Love your wife.
